Message From Director's Desk

To support the students, far away from the university or unable to complete their Master Degree or Post Graduation under the Regular Mode, this Distance Learning system is the Lifeline.

India has one of the largest Distance Education System in the world, second only to China. Distance Education is a mode of delivering education and instruction to learners who are not physically present in a traditional classroom. The curriculum of the concerned subject is conducted by means of specially prepared materials (SLM) which are delivered to the learners.

Vidyasagar University started 14 postgraduate courses under the Directorate of Distance Education, from the year 1993 and it also deserves the credit of opening laboratory based science subjects in West Bengal for the first time. In the year 2007-2008, Distance Education Council (DEC) had given institutional regulation to offer 14 programs through distance mode which are approved by its statutory bodies. From the session 2018-2019 DEB, UGC has accorded continuation of recognition for 11 PG programs.

Wish you all the best for entering the threshold of Higher Education and future endeavor.

Professor Prakash Chandra Dhara
Director (Officiating)
